

Co-operation Action Agreement for Lighting Conference

This Co-operation Action Agreement is made between the Illuminating Engineering Institute of Japan (IEIJ) and Lux Pacifica.

The parties hereby agree as follows.

1. Lux Pacifica is an association of lighting societies around the Pacific and Indian oceans' rims. The member societies of Lux Pacifica hold quadrennial lighting conferences.
2. The mission of Lux Pacifica is to provide an opportunity for lighting researchers and designers to present their ideas to an international audience. It is also an opportunity for the member societies to meet and discuss issues of common interest.
3. The IEIJ joins Lux Pacifica as the representative organization from Japan. A person to represent the IEIJ joins the International Organization Committee for each of conferences of Lux Pacifica.
4. Amendment to the agreement can be made at any time, subject to application in writing by either party. This Agreement shall be reviewed periodically every four years by the parties.
5. This agreement has been effective since March 6, 2017.
